Canton Glass Company

MARION, INDIANA, U. S. A.

1904

Special attention given to the making and working of Private Molds.

Agents in all the principal cities in the United States and Canada.

Our goods are fire polished and annealed with natural gas which is used in our factory.

This COPY of the 1904 catalog is made possible by the open policy of SHARING information advanced by The WEST VIRGINIA MUSEUM of AMERICANA GLASS, Ltd.

P. O. Box 574
Weston, West Virginia 26452
http://members.aol.com/wvmuseumofglass/

Purchasing a copy directly from the museum allows you a better quality copy and enables the acquisition and sharing of other glass trade catalogs. PLEASE respect WVMAG's efforts to acquire and share glass history by obtaining a copy from the Museum and not reproducing this imprint. Numerous other glass catalogs are available upon inquiry.
IN PRESENTING this our second annual catalogue, we wish to thank our many customers for their liberal patronage and appreciation of our efforts in supplying their wants from our line of pressed and blown glassware.

Encouraged by a prosperous business, we desire to again solicit your orders for the coming year, feeling confident that our experience and improved facilities bespeak a better condition than before to supply the trade with high-grade glass, more up-to-date patterns, perfect workmanship, and a plant equipped with every convenience for prompt deliveries. With the assurance of an increasing number of patrons we trust we will merit the favor of your trade for the coming season.

Our facilities for the making and working of private molds are unsurpassed.

Yours very truly,

CANTON GLASS COMPANY,
Marion, Indiana, U. S. A.
