LUMINOUS PRISMS

THE FOLLOWING ILLUSTRATIONS SHOW
AT A GLANCE

How DAYLIGHT is projected into dark interiors by the use of LUMINOUS PRISMS having varying angles scientifically prescribed and arranged: and illustrating the advantages over plate and window glass, and the various products of Ribbed and Corrugated Glass which are being offered and sold as substitutes for LUMINOUS PRISMS.

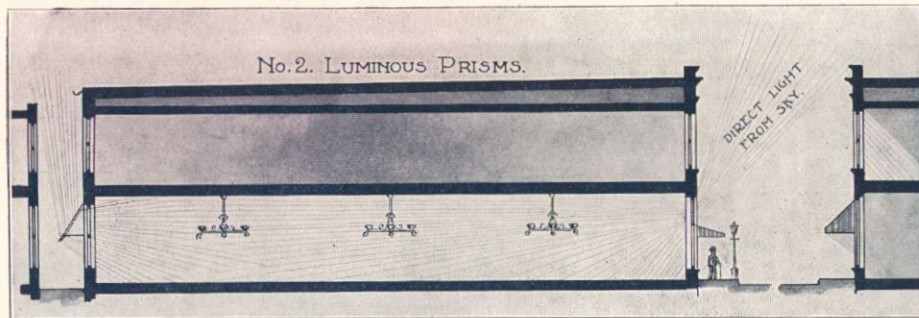

The purchase of any of these substitutes involves expense with no equivalent.

The purchase of LUMINOUS PRISMS is an investment of money, paying constant dividends by saving expenditure for artificial light.

Note the different conditions shown by illustrations.

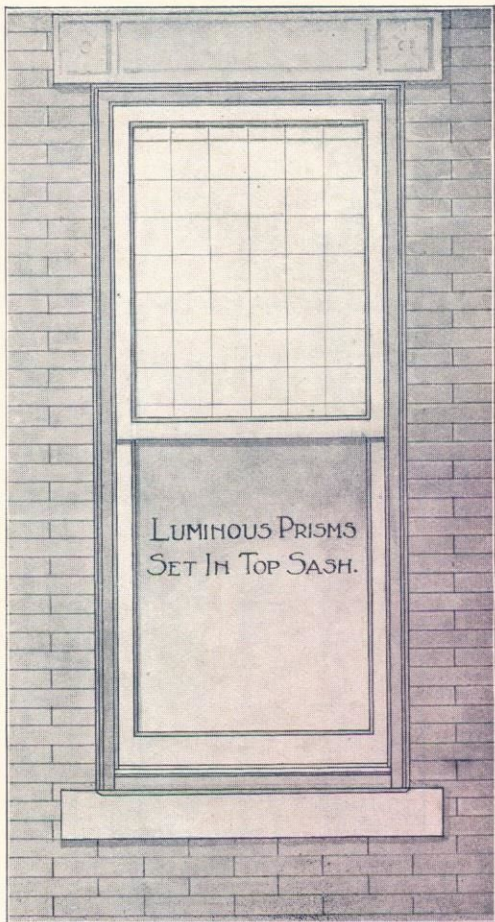

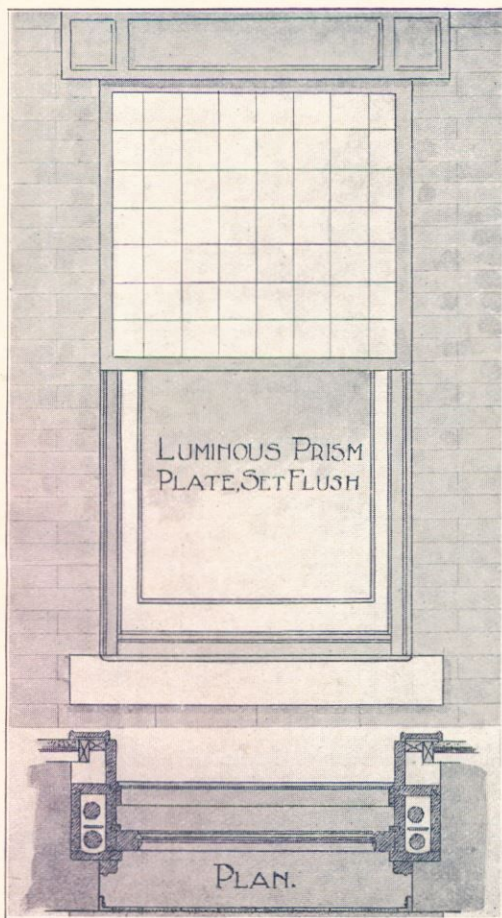

Direct light from sky passing through plate glass, with only slight change in direction; strikes the floor a few feet back from opening, and is absorbed; balance of room dark.

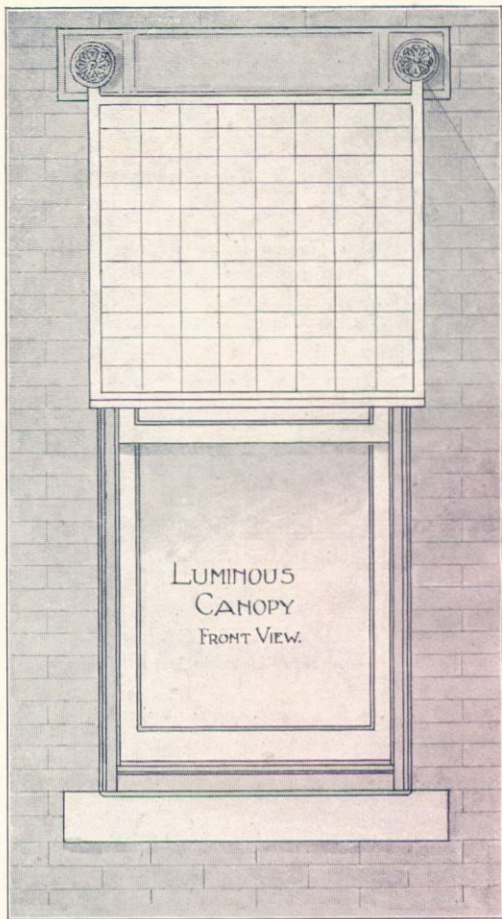

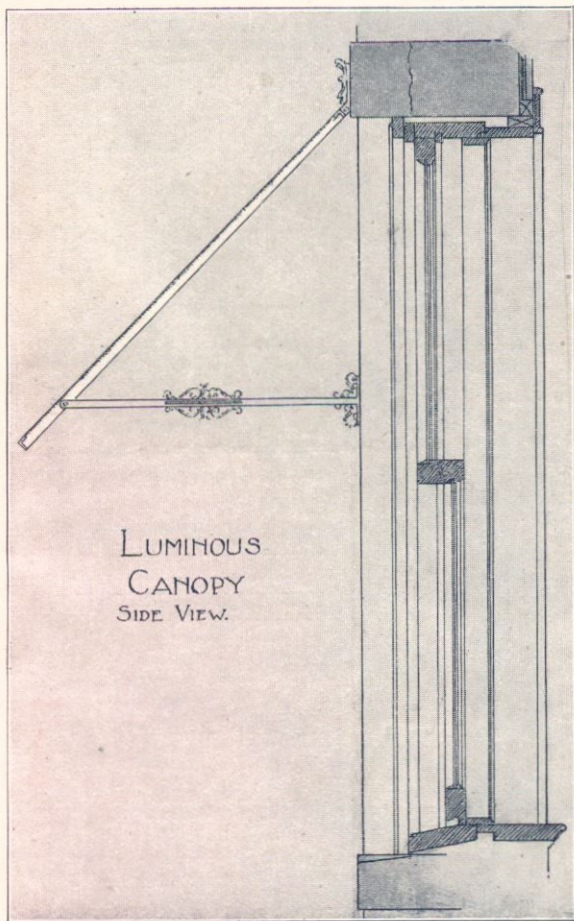

Direct light from sky passing through Luminous Prisms of various angles, scientifically prescribed, is refracted to all parts of the room.

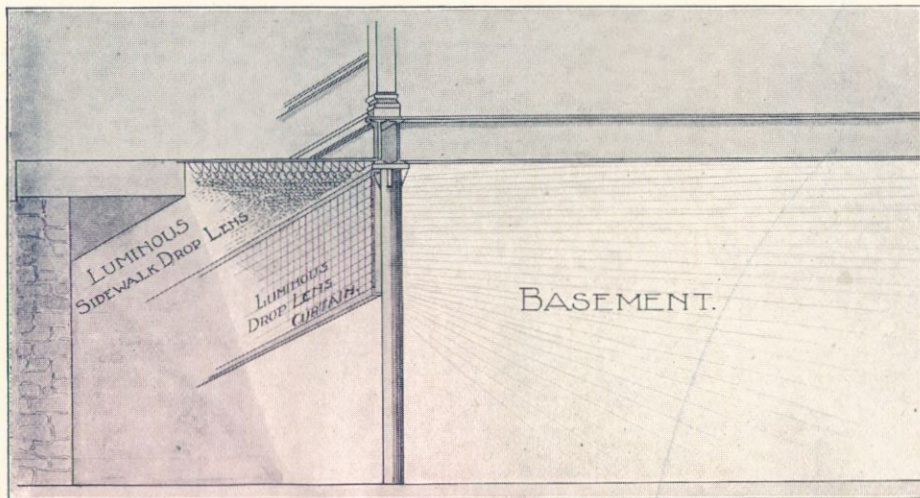

The Result: DARKNESS DISPELLED, DAYLIGHT THROUGHOUT

The above cut illustrates our method of introducing daylight into dark underground rooms.

POINTERS ON PRISMS

STORES

Why walk to a window to show and match goods when LUMINOUS PRISMS will bring DAYLIGHT to the counter?

BASEMENTS

Why have dark and unhealthy basement rooms of no commercial value — when LUMINOUS SIDEWALK PRISMS with curtains (see page 8) will make such rooms light, wholesome and valuable for business purposes?

SKYLIGHTS

Why be satisfied with the old-fashioned skylights that transmit no light, when LUMINOUS PRISMS installed in skylights produce the best possible Daylight results?

INVESTMENT

Why buy artificial light *every day*, when one purchase of LUMINOUS PRISMS ends the constant expense?

WHAT OTHERS SAY CONCERNING LUMINOUS PRISMS

EMIGRANT INDUSTRIAL SAVINGS BANK No. 51 Chambers Street

NEW YORK, May 16, 1899.

LUMINOUS PRISM COMPANY, 604 Broadway.

J. F. Blanchard, Manager.

Dear Sir—I am pleased to state that your installation of Prismatic Glass in our building has proved quite satisfactory, having improved our light considerably.

Very truly yours,

WM. HANHART,

Ass't Comptroller.

THE CUTLER SCHOOL 20 East 50th St.

NEW YORK, May 16, 1899.

TO THE LUMINOUS PRISM COMPANY, 604 Broadway.

Gentlemen—It gives me great pleasure to certify to the excellence of the frames of "Luminous Prisms" placed by you in this school house; they have fully accomplished all that you promised for them, and I am entirely satisfied with the result.

Very truly yours,

ARTHUR H. CUTLER.

CLEVERDON & PUTZEL . . . Architects Hartford Bldg.. 41 Union Square West

NEW YORK, May 13, 1899.

LUMINOUS PRISM CO.

Gentlemen—The prism lights you have installed in the new building of Messrs. D. M. Williams & Co., dry goods establishment, under our superintendence, fully reaches our expectations, greatly augmenting the light, and making comparatively dark places capable of being used without artificial light.

We consider them an indispensable article where daylight must be obtained under adverse conditions.

Very truly yours,

CLEVERDON & PUTZEL.

THE CHAPIN COLLEGIATE SCHOOL

721 Madison Avenue

NEW YORK, March 13, 1899.

LUMINOUS PRISM COMPANY, 604 Broadway.

Gentlemen—Last January you equipped my school house with Luminous Prisms, the object being to brighten two recitation rooms located in the middle of the building. In these rooms the light was very dim, owing to the nearness of the adjoining building, and I was obliged to use gas in them constantly.

A long enough time has elapsed for me to thoroughly test the prisms under all kinds of skies, and I take great pleasure in informing you that the results are entirely satisfactory. *The change is simply wonderful.* The rooms, even in the cloudiest weather, are as bright as if they faced a ten-acre lot, and I am able to dispense entirely with the use of gas.

If everybody knew the value of your Luminous Prisms as well as I do, I feel sure that you would have more orders than you could possibly fill.

Very truly yours,

HENRY BARTON CHAPIN.

JORDAN & GILLER, Architects and Superintendents
416 Broadway

NEW YORK, May 13, 1899.

LUMINOUS PRISM COMPANY.

Gentlemen—We take pleasure in saying to you that all the work you have done for our office was entirely satisfactory to us, especially the work you did for us at the ten-story fireproof building, No. 296 Broadway, has improved the light in first story and basement wonderfully.

Yours very truly,

JORDAN & GILLER.

JAMES C. HOE'S SONS . . . Builders
Office, 10 Liberty Place

NEW YORK, May 13th, 1899.

LUMINOUS PRISM CO.

Dear Sirs—You put in for us at rear of store No. 8, E. 14th, a Luminous Prism skylight, double glazed, which is both satisfactory in workmanship and results.

Truly yours,

J. C. HOE'S SONS.

STEHLI & CO., of Zurich, Switzerland
Silk Manufacturers

NEW YORK, May 13th, 1899.

THE LUMINOUS PRISM Co., 604 Broadway.

Mr. J. F. Blanchard, Manager.

Dear Sirs—As a means of lighting what was from its location naturally a dark store, we find that your Luminous Prism does all that was claimed for it, and that was a great deal. In other words it is a success, and is such an improvement over the old system of glass skylights that it must supersede it.

Luminous Prisms throw daylight *into* the building, and *good* light, and this results in a saving of gas and electric lighting. Very truly yours,

EDWARD M. BARLOW,
Representing Stehli & Co. in the U. S.

K. MANDELL & COMPANY
22, 24, 26 Howard St.

NEW YORK, May 15, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Dear Sirs—Your favor of the 13th inst., is duly to hand, and in reply beg to state that we have in use on our premises your Luminous Prisms and that we found them all that was promised by your good selves, and we cheerfully recommend them to anyone occupying a store or office of great depth.

Yours very truly,

K. MANDELL & CO.

JENKINS BROTHERS
71 John St.

NEW YORK, May 13, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Gentlemen—We are in receipt of your favor of the 11th inst., and in reply take pleasure in stating that the Luminous Prisms installed in our office by you some time ago are giving perfect satisfaction. Our office is at least 50 per cent. lighter than it was before the prisms were installed, and we are confident that the benefit to us is well worth the expense incurred.

Respectfully yours,

JENKINS BROTHERS.

STEVENS, SANFORD & HANDY
Commission Merchants
41 Worth St.

NEW YORK, May 15, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Gentlemen—In reply to your favor of the 13th, inquiring about the Prism you recently put in for us, we would say that we have found it very satisfactory and think it does all that you claim for it.

It carries the light back into our store and enables us to do without artificial light to a great extent. It also aids us on bright, sunny days, by softening the glare of the sun so that we can show goods in the direct sunlight and do not require shades or awnings.

We consider it a good investment.

Yours very truly,

STEVENS, SANFORD & HANDY.

RICHARD E. THIBAUT Wall Papers
48, 50, 52 East 13th Street

NEW YORK, May 13, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Gentlemen—Some time ago we ordered from you two Luminous Prism windows for our salesroom. We take pleasure in stating that they fully meet the purpose for which we require them, that we now have a pure, pleasant light distributed over our salesroom, and are not troubled with a glare of sunlight as formerly. We are very much pleased with your system of installation and should highly recommend it to anyone desiring like results to ours.

Yours very truly,

R. E. THIBAUT.

DAVID SPERO Flowers and Feathers
696, 698, 700, 702 Broadway

NEW YORK, May 13, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Gentlemen—I am pleased to say that the Prism lights you installed in my basement have given very excellent satisfaction.

Yours truly,

D. SPERO.

LIBERTY SILK COMPANY
548 West 57th St.

NEW YORK, May 18, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Gentlemen—We are in receipt of your favor of 13th inst., and beg to say that we have found the prisms all that you claimed them to be, and that they increase the light considerably.

Very truly yours,

LIBERTY SILK CO.

WILLCOX & GIBBS SEWING MACHINE CO.
658 Broadway

NEW YORK, May 13, 1899.

LUMINOUS PRISM Co., 604 Broadway.

Gentlemen—In reply to yours of 12th inst. say, the three Prism Lights put in for us on the Bond street side of our premises, are satisfactory, and have improved the light in our basement workrooms.

Very truly yours,

WILLCOX & GIBBS S. M. CO.

THE SMITH PREMIER TYPEWRITER CO.
337 Broadway

NEW YORK, N. Y., July 20, 1898.

LUMINOUS PRISM COMPANY, 604 Broadway.

Gentlemen—We are pleased to inform you that the prisms which you recently installed for us are entirely satisfactory, and are proving all that your representative claimed for them. The first full month the prisms were in use resulted in a saving of forty-five per cent in our light bill. At this rate the prisms will pay for themselves out of the savings in about six months.

Wishing you every success which your goods merit, we are,

Yours truly,

THE SMITH PREMIER TYPEWRITER CO.,
W. H. DURPHY, *Mgr.*

BRANDON PRINTING COMPANY

54 Dean Street

ALBANY, N. Y., Nov. 2, 1898.

LUMINOUS PRISM CO., Broadway.

Gentlemen—We are in receipt of yours of Oct. 31st, notifying us that the second installment of prisms have been shipped from your Chicago factory. We would say that they have been delivered in our building to-day, and we shall be glad to have you erect them as soon as convenient.

You ask whether the work you have installed for us the last of September is satisfactory, and in justice to you would answer that it is entirely satisfactory, and is only fair to say that we consider it far superior to the work installed by the Daylight Co. a few weeks before yours was put up. We can safely say that we should be willing to pay considerable more for your work.

We shall take pleasure in recommending the Luminous Prisms to anyone in need of better lighting.

Very truly yours,

BRANDON PRINTING CO.

THE BANK OF MONROE

ROCHESTER, N. Y., May 13, 1899.

LUMINOUS PRISM CO., New York.

Gentlemen—The work done for this bank by your company is very satisfactory. Our rooms are certainly better lighted than before and the improvement in this direction is greater than we thought possible under existing conditions.

Yours very truly,

W. G. MITCHELL, *Cashier*.

ST. JOSEPH'S CHURCH

58 Franklin St.

ROCHESTER, N. Y., May 17, 1899.

Gentlemen—I am happy to say that since the installation in our school of your Luminous Prism windows we have been able to entirely dispense with the use of gaslight, heretofore so injurious to the eyes of our children.

Yours respectfully,

RECTOR ST. JOSEPH'S.

CHAS. W. SNOW & CO. Wholesale Druggists

SYRACUSE, N. Y., May 13, 1899.

LUMINOUS PRISM CO., New York.

Gentlemen—The Luminous Prisms you have placed on the windows of the second story of my building are entirely satisfactory.

Very truly yours,

C. W. SNOW.

THE BANK OF SYRACUSE

SYRACUSE, N. Y., May 13, 1899.

THE LUMINOUS PRISM CO., 604 Broadway, N. Y.

Gentlemen—In reply to your inquiry, we beg to say that the installation of your prisms in the rear of our basement floor has converted that part of our building from a dark corner into a well-lighted and desirable store. In fact, the rear is now nearly as well lighted as the front even with its large windows.

Very truly yours,

F. C. EDDY.

SMITH, DAVIS & CO.

198 Main St.

BUFFALO, N. Y., May 13, 1899.

CHAS. S. SHIELDS, Agt. for LUMINOUS PRISM CO.,
Rochester.

Dear Sir—I return herewith shipping bill and cartage receipt, and have to say that the prisms are now in place in front of our new office, 198 Main st., and the results in my opinion are far better than you gave us in the product you placed in front of 200 Main st., but I can assure you that we are very much pleased with the work in both instances, for it has been a splendid investment for us, and a pleasure to our employees to work without the continual use of gas. The Luminous Prisms are all right, and if you want to refer any intending purchasers to us do not hesitate to do so.

Very truly yours,

SMITH, DAVIS & CO.,

Per W. J. SCHLAFFER.

SECOND NATIONAL BANK

TOLEDO, OHIO, March 16, 1899.

LUMINOUS PRISM CO., Cleveland, Ohio.

Gentlemen—Referring to the prisms bought of your Company, I desire to say that they have proved far more satisfactory than we expected, the result being a much better lighted office than we had before, and at the same time saving us considerable money in the reduced gas bills.

We accepted your contract for prisms for the reason that you alone were willing to guarantee that we would be perfectly satisfied with your light.

You are at liberty to refer to us, and we shall take pleasure in recommending your company.

Yours truly,

C. F. ADAMS, *Cashier.*

A. GUSTAF GEFVERT & SONS

250 N. Fifteenth Street

PHILADELPHIA, October 15, 1898.

LUMINOUS PRISM CO., 730 Chestnut Street.

Gentlemen—When we first received your bid for installing Luminous Prisms to light our work-shop, we thought the cost too great, but were finally induced to sign contract. We are glad we did so as the results obtained are all that your agent claimed.

We would not in fact dispose of them for ten times the amount, if they could not be replaced.

Formerly we had very poor light, at one bench only, and none on cloudy days. Now we have good *day light* throughout the room and get along very well without any artificial light as long as there is any *day light*.

We are more than pleased with the results obtained by your Luminous Prisms and cheerfully recommend them to all.

Yours very truly,

A. G. GEFVERT & SONS,

Dear Sirs—With reference to the installation of prism glass recently made by you on the first floor of our building No. 4, would say, that the same has made a great difference in the light of the room, and our men are now able to work without artificial light, where previously there were times in which they were forced to burn artificial light all day long. The room in particular is rather wide and long, and on the ground floor between two high buildings, so that it was a very difficult matter to light naturally. We are glad to say, however, that your work has so changed the conditions that the room is afforded more light than we anticipated, and we have no doubt but that the installation will prove a paying investment.

LUMINOUS PRISM COMPANY.

Gentlemen—We have only recently installed your prisms on our printing office floor, and consider them a needed addition in that department.

Natural light being most desirable in a workroom of this kind, it pleases us very much to know that we can cut off nearly half our artificial light on all days except when there is practically no light in the sky; this insures better work, and saves considerable of the light bill, both important items with us.

Respectfully,
